

ABOUT US

The Story of our success

Our story is one of innovation and dedication. In 2014, we recognized that the future of doing business was shifting away from print to an online presence.

From website solutions to search engine services and social media management, Commercial Web Services is shifting the way in which commercial dealerships and manufacturers do business online. Instead, we pride ourselves on being a true partner. Just consider us an extension of your business. Instead, we pride ourselves on being a true partner. Just consider us an extension of your business.

Our Vision

Our vision keeps us focused on what we strive for – to be the global leader in Branding, Web Development, Social media marketing and ecommerce.

Our Mission

Our mission is to be the industry-leading provider of IT Solutions. Supported by our support staff, our team meets and exceeds our client needs with a firm commitment to their goals.

WEB DESIGN & DEVELOPMENT

See our work

Web Design involves implementing specific solutions that follow the business rules and objectives outlined by the client. Web Designers develop a professional relationship with their clients, interacting with them to develop a deep understanding of the requirements and convert

these into a website specification. Strong design and communication skills, coupled with research techniques and a grasp of target audiences, markets and trends, will ensure initial client satisfaction and credibility of our Web Designer.
